

Extensions of Certificates for Medication Administration Course Trainers

In response to the COVID-19 State of Emergency and actions that are being instituted throughout Pennsylvania in an attempt to slow the spread of COVID-19, the Office of Developmental Programs (ODP) will be extending the Medication Administration Course Trainer Certification for currently certified trainers to **August 31, 2020**.

All Face-to-Face “Medication Administration Train the Trainer” courses will be cancelled until further notice. While the State of Emergency continues, all Face-to-Face classes for both new trainer applicants and current trainers needing recertification will be replaced with online only classes. Additional information related to these online courses will be forthcoming.
